

# 4 Megapixel Bullet IR Camera

With Varifocal Lens - 60m

[www.secureeye.com](http://www.secureeye.com)

## KEY FEATURES

- 4 MP Resolution
- 5 ~ 50mm Lens
- 0 Lux/F1.2 Min. Illumination
- 4 Big Array LED
- 100m IR Distance
- H.264/MJPEG Compression
- Support ICR Function

| SIP-4HD-W100VF |                            |                                                            |
|----------------|----------------------------|------------------------------------------------------------|
| Camera         | Sensor                     | HD CMOS Sensor                                             |
|                | OS                         | Embedded Linux System                                      |

|                | Effective Pixel            | 2592*1520                                                  |
|                | Illumination               | 0 LUX / F1.2 (IR ON)                                       |
|                | Lens                       | 5 ~ 50mm                                                   |
| System         | IR LED                     | 4 Big Array LED                                            |
|                | IR Range                   | 100m                                                       |
|                | Compression                | H.264/MJPEG                                                |
|                | Synchronization            | Internal                                                   |
|                | Electronic Shutter         | 1/1s~1/1,00,000s                                           |
|                | Motion Detection           | Yes                                                        |
|                | Image Frame Rate           | 25 / 30 FPS                                                |
|                | Dual Stream                | Yes                                                        |
|                | Network Protocols          | TCP/IP, HTTP, TCP, ICMP, DHCP, UDP, SMTP, FTP, DDNS & RTSP |
|                | ICR Function               | Supported                                                  |
|                | AWB/AGC/BLC/HLC            | Supported                                                  |
|                | WDR                        | Supported                                                  |
|                | Image Setting              | Brightness, Saturation, Sharpness, Contrast                |
|                | Horizontal / Vertical Flip | Supported                                                  |
|                | S/N Ratio                  | More than 50dB                                             |
|                | ICR                        | Auto                                                       |
|                | Bitrate Control            | CBR/VBR                                                    |
| General        | Privacy Mask               | 4 Areas                                                    |
|                | Static IP/DDNS             | No Static IP, No DDNS Required                             |
|                | Multi Streaming            | Supported                                                  |
|                | Password                   | Supported                                                  |
|                | POE                        | Supported                                                  |
|                | ONVIF                      | Compliant                                                  |
|                | Communication Interface    | RJ45 10/100M                                               |
|                | Power                      | DC 12V 1A                                                  |
|                | Housing                    | Metal Body, IP66                                           |
