

IP Fingerprint Reader

With Face Recognition

KEY FEATURES

- ▶ Color 2.8" TFT LCD
- ▶ Face capacity: 1500, 3000,5000
- ▶ Fingerprint capacity: 15,000
- ▶ High Resolution Optical Sensor(600 DPI)
- ▶ Support Access Control
- ▶ Communication TCP/IP/Wi-Fi (Optional)/RS485/3G/PoE

SPECIFICATION	S-FB8K	SC-FB8K
Camera	Using High - Definition & Dual Camera	
Infrared lamps	2 Ultra bright lamp	
Fingerprint reader	High Resolution Optical (≥ 600dpi)	
Card function	ID Card / Mifare card (Optional)	
Display	Color 2.8 inch TFT LCD	
Key Pad	16 keys	
Human body induction	Yes	
LED lamp	Red & Green (Dual Color)	
Input port	Wiegand 26/34 (can be external card reader module)	
Professional access control	Yes	
Communication	TCP/IP, WiFi (Optional), Rs485	
Cloud Data Supported	No	Yes
U disk port	Yes (notice: only support FAT32 file system)	
Voice output	Yes	
Operating system	LINUX VER3.6.5	
Face Capacity	1500 / 3000 / 5000	
Fingerprint Capacity	15,000	
User record & Management	300,000/50,000	
Access Control	Access control function and optional access / time zone management, Anti - submerian / duress alarm function	
Attendance function	Attendance (on/off duty, overtime) time zone	
Ring function	Yes	
Power management	Sleep function	
U disk upload / download	Yes	
Registration	Information & record	
Dynamic IP allocation	Yes	
Algorithm version	Face v2.0	
FAR/FRR	0.01% / 1%	
Matching speed	< 1 sec.	
Intelligent updating function	Yes	
Face identification mode	Support 1:N or 1:1	
Working Temperature	0°C ~ 55°C	
Working Humidity	20% ~ 80%
