2MP WiFi
Cube Camera
with Dual Lens

Audio | **SMART H.264 Compression** | **Cloud technology** | **DUAL STREAM** | **P2P** | **MOTION** | **MOBILE** | **Wi·Fi** | **TF CARD**

SPECIFICATION	S-F30
System	Embedded Linux operation system
Resolution	HD:1920*1080
Video encode	SMART H.264
Frame rate	15FPS
IRCUT	Built-in dual IRCUT
Lens	2 x panoramic fish-eye lens
IR	16 Pcs IR Led
Audio	Two-way voice intercom
Encode	PCM
SD Card	TF card interface:maximum support 128GB
Cloud	On Subscription basis
Method	Sonic configuration, AP mode
Wireless network	IEEE802.11b/g/n
Wireless BitRate	150Mbps(Max)
P2P connection	Supported
WAP2	Supported
Cloud services	APP: Secureye Falcon
Function	Can update time, image settings, SD card settings, motion detection settings, video settings, system upgrades.etc through APP
Motion detection	Supported
Cloud storage	Supported
Account management	Primary account can share the device to other accounts
Temperature & Humidity	Operating Temperature:–10°C ~ 50°C ; Humidity:0%-60%RH (non-condensing)
Power	DC5V/1A
Weight	85g
